Planning Commission Work Session Memorandum

TO: Planning Commission
THROUGH: David Wanberg, Community & Economic Development Director
FROM: Peter Waldock, AICP Planning & Zoning Coordinator
MEETING DATE: February 6, 2023
SUBJECT: Implementation of Institutional Zoning Districts City Wide

Background:

At the last Planning Commission work session, staff presented a summary of plans to begin implementation of the institutional zoning districts in the City. The commissioners reviewed the comprehensive land use plan map to see where these uses are located and gauge the scope of the rezoning work necessary for the institutional uses throughout the City. The Planning Commission members asked for this matter to be brought back to the next meeting for further discussion before the public hearings are scheduled for the rezonings.

Staff would also like to discuss some suggested revisions to the current use table for institutional district uses to further refine and clarify the regulations.
